

WARNING

Stop Rock Snot!

The Invasive Algae "Didymo" is present in the Batten Kill, White, and Connecticut Rivers, and may be present in other rivers.

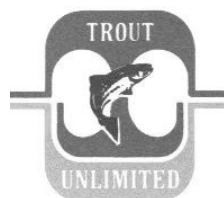

If you have been in other waterbodies, you **MUST** clean your gear before entering this **UNINFECTED RIVER!**

Clean: Using HOT tap water and lots of soap;

Scrub: Boats and other "hard" items thoroughly;

Soak: Clothes, felt-sole waders and other "soft" items for **30 minutes!!!**

**PLEASE, DO YOUR PART
Don't Spread Didymo!**

Adirondack, Clearwater,
Homewaters, and Lake
